About Us

Kite Ridge School is a Specialist School for young people, aged 11-19, with a range of Learning Difficulties and a range of behaviour that challenges. Our school operates under a culture of Unconditional Positive Regard and positive behaviour support where all behaviour is interpreted as communication. We see each day as a fresh new opportunity for our students to improve on yesterday's behaviour and excel into tomorrow.

About the Role

Students at our school require an eclectic approach to manage their educational and behavioural needs. Our Learning Mentors support the young people in our school by helping them access group lessons or by supporting them to receive education on their own in their rooms. They are also frequently required to help our young people make short trips out into the community or access education outside of school such as at a farm, a shop or a park.

About You

Experience in a school or Unconditional Positive Regard setting is an advantage though the right aptitude is equally important to formal qualifications. You will be provided with a comprehensive training and induction package.

Other Information

Kite Ridge School is committed to safeguarding and promoting the welfare of young people and expects all staff and volunteers to share this commitment. A successful applicant will need to undertake an Enhanced Disclosure via the DBS.

We strongly advise you to visit Kite Ridge School prior to interview. Please contact us to arrange a visit.
